

SHORT TERM VOLUNTEER PROJECT:

Help us connect with local church worship leaders, student ministry leaders and children's ministry leaders.

PURPOSE: We want to be able to share an invitation to every youth worker, worship pastor and children's ministry leaders to join us in ministry.

HOW: Research local communities / churches to glean the contact of those staff positions – names, address, email. We will do this by county – pull up the names of the churches in a county, starting with the larger towns first, and then discover the names / contact info for the church staff leaders in worship ministry, student ministry, and/or children's ministry.

STEPS:

1. Talk with Tim
2. We will share a google spreadsheet with you – one for children, one for youth, one for worship
3. Google.com
4. “churches around Springfield, IL [or name of town(s)]”
5. Look up staff roles, make note of names, contact info, then enter into spread sheet.
6. We will send them a personal note, then invite them to the next ministry event.

END PRODUCT: Add a list of names / title? / email / phone to each the google spreadsheet under your county. Thanks.
