

## In The Loop | Leadership Communication Sign Off

We're exploring the possibility of hosting a Harvest Conference at our church. Harvest Conferences is a ministry of Harvest Ministry Teams, Inc. based in Troy, IL. Since 1996, Harvest has been in existence to "equip leaders for ministry while providing a resource to the local church."

Through training events, conferences and seminars, Harvest Conferences partners with local churches to help accomplish the goal of connecting people to Jesus by sharpening ministries, training leaders and meeting with young adults and students.

This addendum to the event scheduled at your church requires the signature of the direct leader responsible for hosting the event as well as the signature of another pastor / board member. This is just to ensure that everyone is in the loop about this coming event! Thank you for your partnership!

---

### Renovate Youth Weekend

- Ignition Middle School Conference
- Fire-Up Sr. High Conference
- The Light Kids Conference
