

Greetings!

I hope you are doing well!

I wanted to send you a personal note to invite your church to join with us in mission as Harvest continues to serve with students in this region! The doors are still wide open to invite young adults to be in ministry on Harvest Teams as we invite kids and students to follow Christ.

In the past, churches have partnered with Harvest in their mission giving and support. If your congregation would feel led to do this, we would be grateful and now is a great time!

Options may include:

- **Annual Mission Giving Support**
- **Special Project Support**
- **Monthly Contribution**

We've created a special page on the website for you to take action on any of the above:

harvestministryteams.com/churchsupport

We would also be happy to send a couple Harvest Team Members to your congregation one Sunday morning to share a some music and a bit of the vision for Harvest Ministry. At that time, a love offering could be received to go toward the ministry. Let's talk and schedule a time!

As the Director of Harvest Ministry since 1996, I have seen time and time again how God provides! One of my visions is to continue to build the framework and make room for young adults to use their gifts in hands-on ministry experience while serving Jesus through the next generation. It's not always easy to fund special ministries geared toward children and students, but today I feel led to connect with a handful of congregations who might join with us! We've just finished 28 years of Harvest Ministry and I'm grateful for the many opportunities ahead of us, praise God!

In Him,

Tim Price | 618-541-8291 | harvestministryteams.com
